NATHAN IIT-JEE

THE NATHAN IITJEE JOURNEY

NIITJEE (**NATHAN IIT-JEE**) was established in 2012 by the vision and toil of Mr. N.P. Nathan, a Mathematics with Computing Science Engineering Graduate from IIT Kharagpur. We had a very humble beginning as a forum for IIT-JEE, with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to realization of this vision, we went beyond merely coaching for IIT-JEE. We actually started to make a difference in the way students think and approach problems. We started to develop ways to enhance students' IQ. We started to leave an indelible mark on the students who have undergone NIITJEE training. We started changing lives. And all this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence, which enabled us and our students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the NIITJEE.

The success of our students was inspiring and so was their faith in NIITJEE. It was this faith that was a catalyst for our venturing into areas beyond IIT-JEE. It was this faith that prompted us to embark on a mission to provide **wholesome school education** to students through NIITJEE Integrated School Programs like NATHAN Plus, in a way so that there was no need for any type of coaching outside of the school system.

And it is this very faith that has again inspired us to provide a platform for students aspiring for admission to Indian prestige Medical institutions in form of AIIMS, AFMC, JIPMER, etc - a comprehensive program taking care of all aspects of the preparation – in the same old NIITJEE way.

This Journey from just an IIT-JEE/ Medical entrance coaching institute, to the powerful Quality education Services has been exhilarating.

"I,Sankara Narayanan. I am a student of NATHAN IIT-JEE for Three year Classroom program. I join after Class 9th Std. by entering the NATHAN IITJEE Admissions Test through good result. My word of advice to any young interested IITJEE aspirants is to look for a good coaching institute with IITians faculty Classes very carefully. I was not aware about the Competition and clear idea about an exams but after joining NATHAN IITJEE, I learned to face a healthy Competition. I was very impressed with the NATHAN IITJEE faculty, study material, quizzes and teaching methodology. "

" I'm Mano Ranjitham was a student of NATHAN IIT-JEE for four year Classroom program. I join after Class 8th by entering the NATHAN IITJEE Admissions Test I got 40% scholarship remaining 60% fee waivers through good Marks. My word of advice to any young interested AIPMT aspirants is to look for a good coaching institute very carefully. you may be very intelligent and hare target set for your self , specialized exam like AIPMT, NEET, One need good mentioning which is what I found exactly at NATHAN IITJEE my teacher gave important examples and shreed fundamental concept instead of just fast tips and tricks. IIT, too, has recently started to focus Undastanding concept instead of length problem The classroom program is very use full which is key to any student preparation. I want to add that lots of young students are afraid of the competitive exams out of fear of getting bad rank. I would like to stress that it is very essential in any student preparation. I always found good competition at NATHAN IITJEE. Thank you NATHAN IITJEE. "
