NATHAN IITJEE

For Students of Class IX

FOUR YEAR Integrated School Program for IIT-JEE

Simultaneous preparation for X & XII Boards, NTSE, KVPY and Olympiads, NEET and IIT-JEE within the School Schedule.

IITs have restricted the no. of attempts for IIT-JEE. Students just have two chances – one just after the XII board exams and the second immediately in the next year. They should try to succeed in IIT-JEE in the first attempt itself and not take unnecessary pressure as uncertainty of ill-health or any accidents while appearing for the second & last attempt could be too risky.

Till the eighties, it was alright if you started your preparation just after XI and at the beginning of XII, but even then to get Top Ranks you had to begin your preparation at the commencement of XI itself. In late nineties it became a norm to start preparation at the beginning of class XI and devote at least two years to train rigorously for IIT-JEE.

Now, with the increase in competition and keeping in mind that only two chances are available, only the very talented students can succeed by starting their IIT-JEE training in XI. But, if you do not have an inborn spark that can put you in Top 6000 students in JEE you have no other choice but to start as early as class IX to achieve the desired success in IIT-JEE.

Four years of intensive IIT-JEE training within the school framework is ambrosia for IIT-JEE. Four Year Integrated School Program helps students excel in IIT-JEE, X & XII Boards, NTSE, KVPY and Olympiads besides enhancing their IQ at every stage.

Since, Four Year Integrated School Program is a social effort, the fee that we charge is less than half of our cost of the program, therefore we have very limited seats available in Four Year Integrated School Program.
